

DIES ON BOARD ATLANTIC LINER

Mayor Gaynor of New York Expires in Deck Chair.

"AS CANDLE FLICKERS OUT"

Rufus W. Gaynor, Who Took Passage on the Baltic for England With His Father, Sends Brief but Picturesque Account of the Passing Away of the Noted Gotham Executive.

New York, Sept. 12.—How Mayor William J. Gaynor of New York met his death on board the steamer Baltic, on which he was bound for England, was wired here by his son, Rufus W. Gaynor, who was his only traveling companion.

The picturesque head of the New York municipality succumbed to heart failure, brought on by fatigue as a result of his anxieties in the mayor's chair and the wound which he received three years ago at the hand of a discharged employe, according to the dispatches from the younger Gaynor.

The end came suddenly while the mayor sat in his steamer chair on the deck of the liner. In the picturesque words of the son, "he seemed to go as a candle flickers out." Rufus W. Gaynor's message said:

"Father died at 1:07 p. m., on Wednesday, the 10th. His death was due to heart failure. He was seated in his deck chair at the time. I and the nurse and the ship's doctor were with him. I discovered him unconscious in his chair, though still alive. He died about three minutes later without recognizing any of us. Everything possible was done, but he seemed to go as a candle flickers out. Am all right and am trying to arrange to bring the body back on the Lusitania, sailing from Liverpool on Saturday, the 13th."

That the mayor's heart had been in a weakened condition for years was the statement of physicians who treated him at the time he was shot in the neck and almost done to death by an insane discharged employe of the city in August, 1910.

Wound Hastened His Death.

They would not declare their belief that the wound inflicted by the assassin's bullet had led directly to the end, but did affirm that his general resistance had been lessened thereby to a great extent.

Plans for a public funeral, to be held probably on Monday, Sept. 22, will be made by the board of estimate. Late advices from abroad say the body will be transferred from the Baltic to the steamer Cedric, sailing from Queenstown; or, if that arrangement cannot be effected, to the Lusitania, sailing from Liverpool on Saturday, and should arrive in New York Friday or Saturday of next week.

The death of Mayor Gaynor automatically transferred the office of mayor to Colonel Ardolph L. Kline, a Republican, president of the board of aldermen. Colonel Kline took the oath of office and his first official act was to call the board of estimate together to lay plans for the public funeral services of his predecessor. Mayor Kline then declared that during his short term of office, which will terminate on Jan. 1, 1914, he would carry out the policies of Mayor Gaynor, so far as he knew them.

While messages of sympathy from local political leaders and from all parts of the country poured into the mayor's office and at the Gaynor country home at St. James, L. I., the heated municipal campaign came to a sudden stop, although many conferences were held to review the sudden change which Mayor Gaynor's death made in the general situation.

UNWRITTEN LAW.

McAlester, Okla., Sept. 12.—Mrs. Byrda Turley was acquitted of the murder of Mrs. Lena Schumacher of Kiowa. The latter was a bookkeeper for Mrs. Turley's husband. Mrs. Turley pleaded the unwritten law and alleged that her husband had deserted her and her four children.

KILLS HUSBAND IN DUEL

Jealous Wife is Fatally Wounded in Revolver Fray.

Sedalia, Mo., Sept. 12.—William Evans, a restaurant keeper, thirty-five years old, was killed and his wife fatally wounded in a revolver duel in front of a rooming house here. The shooting is assigned to jealousy on the part of Mrs. Evans. Witnesses say she called her husband from the house and fired five shots at him. He fired twice in return before he fell dead.

Identifies Murder Victim.

New York, Sept. 12.—The woman, who was murdered ten days ago and whose body was cut up and thrown into the Hudson river, was identified as Mrs. Casper Janin of this city. Although the head, arms and legs are missing, the body was identified by a mark on the back. The woman's husband made the identification and told the police she had disappeared from her home on Aug. 14.

CALL IN REPUBLICANS LATER

Chemical Schedule Is Agreed Upon by the House Yielding to the Senate on Most Points and Compromising Others—Underwood and Simmons Predict Speedy and Harmonious Settlement.

Washington, Sept. 12.—With the minority members of the conference committee barred from the proceedings the Democratic majority in charge of the final work on the tariff revision bill began its work of adjusting conflicts between the senate and house. At the end of a short session the Democrats had completed work on the chemical schedule of the bill and Representative Underwood and Senator Simmons predicted that the progress toward a complete agreement would be speedy and harmonious.

The Democratic conferees will not call the minority in until they have settled all phases of the tariff dispute. The conference was participated in by Senators Simmons, Williams, Shively and Johnson, and Representatives Underwood, Dixon, Kitchen and Rainey.

In the session the house members yielded to the senate on the majority of amendments, accepting the senate's lower rates on most of the disputed items. The reductions made by the senate on coal tar dyes, including alizarin and anthracene, were approved and the senate's rates on soaps were retained, although the language of the paragraph was changed at the suggestion of the house members.

A compromise was made on the item of chlorate of potash, which the house had taxed at 1 cent a pound, but which had been free listed in the senate. It is understood the compromise will be based on practically an even division of the house rate.

The Democratic conferees will meet daily in morning and afternoon sessions and the Republican members probably will not be called in until the latter part of next week.

Senator La Follette intimated that he considered the procedure of the Democrats unusual in working over the bill without their associates named from the two houses; but other members of the committee said the method pursued was in line with precedents established in other tariff revisions.

MINNESOTAN RESIGNS PLACE

Representative Anderson Quits Ways and Means Committee.

Washington, Sept. 12.—As a climax of the vigorous Republican condemnation of Democratic legislative methods which has marked the currency debate Representative Anderson of Minnesota, on the floor of the house, resigned as a member of the powerful ways and means committee.

In a speech bitterly assailing legislation by caucus action through the partisan consideration of the Underwood tariff bill and the Glass currency bill in committees Representative Anderson declared that the "system of legislation established here" made his efforts on the committee a "farce and a fraud."

DAVID LAMAR IS ARRESTED

Charged With Impersonating Members of Congress.

Washington, Sept. 12.—David Lamar, conspicuous figure in the senate lobby investigation and now under indictment in New York for impersonating members of congress, was arrested here by order of Attorney General McKendall. He was released on \$3,000 bond.

What promises to be a long drawn out extradition contest will begin Sept. 17, the date set for Lamar's appearance before the United States commissioner here.

BOLD ROBBERY AT CHICAGO

Bandits Take \$4,800 in Currency From Bank Messenger.

Chicago, Sept. 12.—Four daring robbers seized a satchel containing \$4,800 in currency and \$10,000 in checks from Warrington McAvoy, eighteen years old, a messenger of the Garfield Park State Savings bank, and escaped by driving away in an automobile. The robbery occurred on the sidewalk in front of the bank at West Madison street and North Fortieth avenue.

The bandits accomplished the hold-up without the display of a revolver. McAvoy had stepped out of the door of the institution with the money and checks in a small satchel and was waiting for a street car. He was taking the deposit down town to place it in a bank.

San Francisco, Sept. 12.—Falcon and Hope islands of the Friendly or Tonga group in the South Pacific have disappeared from view. With them several hundred natives and a few white men also have disappeared.

News to this effect was brought to San Francisco by Captain J. H. Trask of the steamer Sonoma, which arrived from Sydney. Captain Trask said:

"One of the regular trading steamers between Sydney and the Tonga group reported the sinking of the islands. The vessel steamed to where Falcon island should have been, but it was nowhere in sight."

"Just prior to this the instruments at the Sydney naval station showed that several violent earthquake shocks had taken place about 2,000 miles northeast of Sydney."

ELECTION OCCURS OCT. 26

Revolutionary Situation in Mexico Simply Drifting.

Washington, Sept. 12.—Administration officials here are convinced that the Mexico City authorities have no effective plan of their own to bring about peace in Mexico and that the situation there is drifting.

The United States will await the election scheduled for Oct. 26, but does not feel bound to recognize the government resulting from that election. Should an election be attempted while most of the country still is up in arms and in which a majority of the people shall have no voice the American government will adhere to previous precedents and withhold recognition. These are the views expressed by officials in administration circles who know the position of President Wilson.

Discussion of Bill to Raise Rank of Envoy to Spain From Minister to Ambassador—Democrats Stand Solidly by All Measures That Have Backing of President Wilson.

By ARTHUR W. DUNN.

Washington, Sept. 12.—[Special.]—Places for the faithful continue to worry Democrats, or, rather, failure to get places for them. From time to time the Democrats of the house hold a caucus and try to see if the new members can get a share of the patronage, but so far they have been unsuccessful. There are not enough places to go around, yet each man thinks he ought to have a share.

The never ending fourth class postmaster proposition comes up upon every possible occasion in the house. Strange enough, good civil service reformers, if they are Republicans, contend vigorously for retention of the order of President Taft just before he went out, which placed 40,000 Republican fourth class postmasters within the protection of the civil service. The Democrats are equally vigorous in denouncing that act and are trying in every way to get around it.

Meanwhile there is considerable disappointment among Democrats who do not yet feel that they have reaped the reward of the great victory last November.

Time For a Vote.

One day several things happened in the senate. Senator Smoot became intensely interested in the ultimate consumer—in fact, to such an extent that Senator Borah invited him to join the third party. Senator Norris paid a glowing tribute to his colleague, Senator Hitchcock.

These unusual occurrences moved Senator Williams to remark, "The senator from Utah, having joined the Democratic party by a profession of undying allegiance to the ultimate consumer, and having been invited into the third party by the senator from Idaho, who has full authority for advice, and nearly all the presidential candidates in the third party having spoken today, and the junior senator from Nebraska having mistaken the order of the day, evidently thinking his colleague here was dead and his eulogies were up, and he was to pronounce a eulogy upon him, can we not now have a vote upon the pending amendment?"

Thomas Gets Back.

Senator Thomas of Colorado "came back" at William Alden Smith of Michigan in good style a short time ago. Smith had pointed out that during the speech of Senator Bristow on the sugar schedule only a handful of Democrats listened. Key Pittman of Nevada made a speech on wool, and Thomas called attention to the fact that only four Republicans listened and that William Alden had been conspicuous by his absence all the time.

Adamson Elucidates.

During the discussion of the bill to raise the rank of the envoy to Spain from a minister to an ambassador, Congressman Adamson, in an effort to elucidate and bring "peace to the troubled souls about me," said that "it was a matter of precedence." Said he: "You should recollect the difference between senators and members of the house. All good members want to be senators, and the best senators are those who have been members of the house."

"The gentleman is announcing his candidacy for the senate," interjected Jim Mann.

Adamson denied this and went on: "Ministers at foreign courts wait behind ambassadors, just as the gentleman from Illinois cools heels at the executive departments waiting on a senator."

"I do not cool my heels waiting for a senator," declared Mann. But he, that respect he is different from most members of the house.

Senatorial Courtesy?

Senator Bristow had just concluded some remarks on the tariff, and Senator Stone of Missouri said, "Having heard this luminous and all pervading speech of the senator from Kansas several times, I think we might now have a vote."

Stand With Wilson.

The Democrats cannot be frightened when President Wilson stands with them. For a time quite a number were more or less disturbed over the efforts of different progressive Republicans to secure a radical anti-trust provision in the tariff bill. Then Chairman Simmons had a conference at the White House and went back to the senate and reported.

When the vote was taken every Democrat lined up solidly against the Kenyon proposition, and it was overwhelmingly defeated.

"The Democrats will deal with the trust question at a later time," said Chairman Simmons. "They do not propose to put it on the tariff bill."

Everybody knew that President Wilson authorized the statement, and every Democrat stood by his party.

Gompers spoke at the end of an inquiry into the political and legislative efforts of the federation.

"The lives of working men count for nothing in the United States," said he.

"It seems to me that the life of a horse is of more value than the life of a human being to our manufacturers. If this slaughter does not end I do not know what our industrial, commercial, political and particularly our human life will come to."

The manufacturers of this country, he said, opposed all acts of legislation designed to protect the working men.

"There is no reason why diseases occasioned by the social evil should not receive the same treatment, so far as their handling by health departments is concerned, as the plague—that of isolation," he said.

NO MILK BY PARCEL POST

Burleson Hopes Day May Come When It Can Be Handled.

Washington, Sept. 12.—Many inquiries have been received by Postmaster General Burleson as to whether milk may be forwarded by parcel post.

He announced that the department was not prepared yet to handle milk in ordinary cans, but hoped some day to be.

Milk or any other liquid at present may be forwarded by post only in metal containers sealed against leakage.

Health Officer Also Terms Social Evil Modern Plague.

Colorado Springs, Colo., Sept. 12.—That the social evil is the plague of the twentieth century was the contention of Dr. J. H. Landis, health officer in Cincinnati, before the American Health association.

"There is no reason why diseases occasioned by the social evil should not receive the same treatment, so far as their handling by health departments is concerned, as the plague—that of isolation," he said.

Dr. Landis advanced the idea that the dress worn by women of today is responsible in a degree for influences which, he said, are undermining the race.

YOUTH HELPS ADJUST NOOSE

Hanged in Arkansas for Murder of His School Teacher.

Fayetteville, Ark., Sept. 12.—Omer Davis, eighteen years old, was hanged here for the murder of Miss Nellie Moneyhun, his school teacher. He went to the scaffold protesting his innocence.

"Meet me in heaven," were his last words, as he assisted the sheriff in adjusting the noose.

Davis' mother, who had walked many miles through Northwest Arkansas circulating a petition asking Governor Hays to commute her son's sentence to life imprisonment, remained with the condemned boy until midnight. She swooned when she heard the trap sprung.

CONTRACT TO ENGLISH FIRM

United States Saves More Than \$100,000 on Turbine Drums.

Washington, Sept. 12.—An English builder was awarded the contract for turbine drums for the new battleships No. 39 at a little more than one-third the price offered by the lowest American bidder.

The accepted bid, \$57,436, was submitted by New York agents of the Cyclops Steel and Iron Works, Sheffield, Eng. The United States saves more than \$100,000.

UPRISING AT AN END.

Caracas, Venezuela, Sept. 12.—The defeat by government troops of the revolutionary force commanded by General Asuncion Rodriguez, former prefect of Cumana and one of former President Castro's military leaders, and his subsequent flight to the Dutch West Indian island Bonaire, have put an end to the uprising in Eastern Venezuela.

Twenty Armed Men Are Guarding Harry Thaw.

MANY CANADIANS IN TOWN

Number of Sympathizers With Mattewan Fugitive Arrive at Colebrook, N. H., Several of Them Being Opponents of W. T. Jerome After His Arrest in Coaticook, Que., on a Charge of Gambling.

Poughkeepsie, N. Y., Sept. 12.—Supreme Court Justice Morschauer signed a new warrant for Thaw charging him with having conspired with Richard J. Butler and others to effect his release from Matteawan. District Attorney Conger will go to Albany with requisition papers for the signature of Acting Governor Glynn and with Sheriff Hornbeck will proceed from Albany to Concord and present the papers to Governor Felker.

Colebrook, N. H., Sept. 12.—Twenty-five Canadians, several of them opponents of William Travers Jerome after his arrest in Coaticook, Que., last week on a charge of gambling, and others from Sherbrooke, where Harry K. Thaw received such an ovation in court, have followed the fugitive into New Hampshire and revived with their coming the intense partisan feeling so evident will Thaw was in the Dominion. Jerome denounced one of them in public.

Thaw's arraignment was put off by mutual consent and Thaw's lawyers, apparently thinking him safer in the custody of the sheriff than at large, abandoned their attempt to release him on a writ of habeas corpus.

The guards about Thaw's hotel were increased from twelve to twenty. All were armed and under the direction of Chief of Police Kelley. The chief appointed his first deputies after hearing stories that officers from New York might attempt to spirit Thaw away. He augmented them in the face of rumors that the Canadian contingent might essay the same thing with the idea of snatching Thaw from Jerome's hands.

Groups of Canadians stood about the hotel corridors and on the street corners and followed Thaw on the two trips he made from his room. The first of these was to the barber shop; the second to the office of his chief counsel, Thomas Johnson.

Police Surround Thaw.

Two automobiles with engines running stood in front of the office all the time Thaw was within. This so alarmed the police chief that he and his men surrounded Thaw when he came down and escorted him to the hotel.

Jerome's denunciation of the partisan from Coaticook occurred in the Monandnock House, where Thaw is housed. The man, who interested himself in working up evidence against Jerome on the gambling charge of which he was accused, asked to be introduced to him. Jerome looked him over coldly, then spoke bitterly of his experience in Coaticook, naming the man the ringleader. There was a moment of strained silence, then Jerome turned his back.

Thaw's progress down Main street to his lawyer's office drew the entire population of the village to the scene. Every available vehicle was pressed into service; windows along the way were black with heads. Thaw, head erect and smiling, walked beside Sheriff Drew.

Unless more delay intervenes Thaw will be brought before Justice Carr on the complaint that he is wanted in New York for conspiracy. Counsel for New York will ask that he be remanded until a requisition warrant can be presented to Governor Felker and that he be removed to the county jail at Lancaster. Then will begin the real fight against extradition. In preparation for this Thaw has retained still another lawyer. He is N. E. Martin, former mayor of Concord, a leader in the state democracy and a close associate of Governor Felker.

CHARGE \$200,000 FORGERY

Joliet, Ill., Real Estate Dealer Is in Jail.

Joliet, Ill., Sept. 12.—Charged with forgeries that may total \$200,000 and which left many of his victims penniless James O'Connor, a real estate dealer, is in jail while many of his former clients threaten personal violence should O'Connor be released on bail.

The forgeries were discovered when O'Connor's office was searched. Berand Burns, an aged retired business man, sought work as a common laborer after losing \$26,000, his entire fortune.

Cholera in Hungary.

Vienna, Sept. 12.—There has been a serious outbreak of cholera in Hungary and Bosnia. According to the Zeit there have already been 167 cases at Budapest.

Milkweed is said to be a fine sub-
stitute for asparagus. This is im-
portant if true as it may have a
tendency to clean out the luxuriant
growth of weeds in alleys and vacant
lots. Once the public gets the weed
habit and the problem is solved.

Do you wonder that the lad who
can twirl a ball has a desire to be-
come a professional when you read
that Ty Cobb, the great outfielder,
has been sold to New York for \$40,
000 for the coming season. The
salary of a bank president or the
professor of a university does not
compare with it.

The Belle Plaine Herald thinks that
a local newspaper is not benefited
by borrowers. No, but then when
the Herald stops to think how much
the person who borrows the local
paper is benefitted the publisher
should feel that he has been a public
benefactor and consider that the priv-
ilege has fully repaid him. Being a
public benefactor is one of the many
cash assets of the newspaper business.

A. M. Welles, who formerly pub-
lished the Sauk Center Herald, has
bought the Worthington Globe and
will be a competitor of Paul Dehn-
el who was a candidate for congress
on the progressive ticket last year
and whose newspaper is supposed
to be dyed in the wool along that
line. Both Welles and Dehn-el at-
tended the bull moose convention at
Chicago that nominated Roosevelt.

The choice of a congressman in
the Third Maine district at a spe-
cial election and which resulted in
a very substantial victory for the
republican candidate has set the po-
liticians to figuring. If a republican
can "come back" in Maine in a dis-
trict that gave Taft 7,729 less votes
than Wilson at the election last fall
it is asserted that the present admin-
istration will have to do some fig-
uring in order to perpetuate the hold

the democrats seem to have on the
management of affairs at the present
time. The new tariff bill is also
furnishing food for thought, especial-
ly in the agricultural districts of the
northwest.

The country press is discussing a
plan to ask congress for a law to en-
able states in which the big cata-
logue houses are doing business to
tax them in proportion to the busi-
ness done. If this could be legally
brought about it would add consid-
erable revenue to the road and school
funds to which the local business
men are yearly contributors in the
way of taxes imposed for the priv-
ilege of doing business in the com-
munity and would lighten the bur-
den placed on them by the very peo-
ple who want good roads and good
schools but who prefer to spend their
money for necessities with outside
firms. If these outside firms were
obliged to pay their proportion in
keeping up roads and schools in the
communities where the money comes
from that makes them millionaires
the inducement for doing business
would not be so great. The pack-
peddler is obliged to pay a license but
the catalogue house does not add a
penny to the revenue derived from
taxation outside the city where lo-
cated.

Milkweed is said to be a fine sub-
stitute for asparagus. This is im-
portant if true as it may have a
tendency to clean out the luxuriant
growth of weeds in alleys and vacant
lots. Once the public gets the weed
habit and the problem is solved.

Do you wonder that the lad who
can twirl a ball has a desire to be-
come a professional when you read
that Ty Cobb, the great outfielder,
has been sold to New York for \$40,
000 for the coming season. The
salary of a bank president or the
professor of a university does not
compare with it.

The Belle Plaine Herald thinks that
a local newspaper is not benefited
by borrowers. No, but then when
the Herald stops to think how much
the person who borrows the local
paper is benefited the publisher
should feel that he has been a public
benefactor and consider that the priv-
ilege has fully repaid him. Being a
public benefactor is one of the many
cash assets of the newspaper business.

A. M. Welles, who formerly pub-
lished the Sauk Center Herald, has
bought the Worthington Globe and
will be a competitor of Paul Dehnell
who was a candidate for congress
on the progressive ticket last year
and whose newspaper is supposed to
be dyed in the wool along that
line. Both Welles and Dehnell at-
tended the bull moose convention at
Chicago that nominated Roosevelt.

The choice of a congressman in
the Third Maine district at a spe-
cial election and which resulted in
a very substantial victory for the
republican candidate has set the po-
liticians to figuring. If a republican
can "come back" in Maine in a dis-
trict that gave Taft 7,729 less votes
than Wilson at the election last fall
it is asserted that the present admin-
istration will have to do some fig-
uring in order to perpetuate the hold

the democrats seem to have on the
management of affairs at the present
time. The new tariff bill is also
furnishing food for thought, especial-
ly in the agricultural districts of the
northwest.

The country press is discussing a
plan to ask congress for a law to en-
able states in which the big cata-
logue houses are doing business to
tax them in proportion to the busi-
ness done. If this could be legally
brought about it would add consid-
erable revenue to the road and school
funds to which the local business
men are yearly contributors in the
way of taxes imposed for the priv-
ilege of doing business in the com-
munity and would lighten the burd-
en placed on them by the very peo-
ple who want good roads and good
schools but who prefer to spend their
money for necessities with outside
firms. If these outside firms were
obliged to pay their proportion in
keeping up roads and schools in the
communities where the money comes
from that makes them millionaires
the inducement for doing business
would not be so great. The pack-
peddler is obliged to pay a license but
the catalogue house does not add a
penny to the revenue derived from
taxation outside the city where lo-
cated.

Lodges

Tomorrow afternoon and evening Odd Fellows hall will be the scene of good will and fellowship. Joy riders with goats for steeds will be on exhibition. The United Commercial Travelers will institute a local lodge. Some of the most expert goat fanciers of the state will be in attendance.

Those who will institute the local are: department grand counselor M. H. Sherod. He will be the instituting officer and will act as chaplain during the proceedings; senior counselor, A. E. Fritz, state public examiner of Minnesota; junior counselor, C. M. Peterson; grand sentinel, E. C. Mahle, city assemblyman, St. Paul; secretary, J. M. Dresser; conductor, T. B. Bergerson, conductor of Saintly city council, St. Paul; page, W. L. Grasse; the sentinel will be chosen from the eligibles of the home town.

The purpose of the organization is fraternal, accident insurance and social. The nearest councils are those of St. Cloud, Fergus Falls, Duluth and Bemidji.

About twenty-five candidates will furnish the amusement for their older and wiser brothers. Some fifteen members will transfer from other chapters. Those eligible are merchandise brokers, traveling and city salesmen.

The traveling men are always boosters. That is part of their stock in trade. They have waxed fat because of their boosting proclivities. May they live long and prosper. Ed. Anderson has charge of the local arrangements.

Dispatch Representative while Abroad
Boosts the City from Sheer Habit
of Boosting at all Times

John A. Hoffbauer, who has been taking a week's vacation in company with his wife and baby daughter is visiting in Dubuque, Iowa, with his grandmother, Mrs. Sophie Koch. Mr. Hoffbauer has quite a write up in the Dubuque Daily Times-Journal. He boosts for Brainerd throughout this article. He speaks of the iron development on our ranges, of northern Minnesota as a garden spot, and the fact that there are thousands of Iowa farmers coming to this state to develop farms. He also tells about the intention of the Booster club putting up an electric sign with the words, "Brainerd, the City of Mines," on it.

The interview goes on to tell of the bequest of Judge Holland to the city. A bequest which promises to pay the city's debts and to reduce taxes to the minimum.

Mr. Hoffbauer was also much impressed with Dubuque as a city, for he tells of their cleanly streets, beautiful parks, its natural advantages and its striking environment.

EXAMINATION DATE CHANGED

Civil Service Board Announces that
Clerk-Carrier Examination is
Postponed to Sept. 27

The secretary of the local civil service board in this city has received notice from the district secretary at St. Paul that owing to the fact that an insufficient number of applications has been received, the examination announced to be held at Brainerd on the 13th inst., has been postponed to the 27th, and the last date for receiving applications extended to the 23rd. The local secretary, George W. Grewcox, has also been informed that owing to the scarcity of applicants, applications will be accepted from any male applicant who will become 18 years of age within 30 days of the examination date.

Full information regarding this examination can be obtained by communicating with Mr. Grewcox at the postoffice.

NO TELEPHONE FRANCHISE GIVEN

From The Bee, Sacramento, Calif.

The Trustees last evening voted to refuse a franchise to the Tehama Telephone company for the construction of a line and branch system in Corning. The vote stood three to two.

The reason given for the opposition to granting the franchise was that Corning now has one telephone system and that the establishment of another one would force the citizens to put in two telephones or else be subject to inconvenience in not being able to reach all of the people.

It is reported that Attorney Andrews of Red Bluff, who represents Tehama County Telephone company, will take legal steps against the Trustees in an effort to compel them to grant a franchise.

PROCEEDINGS OF SCHOOL BOARD

List of Teachers and Janitors Selected Since the Last Board Meeting

FREE TEXT BOOKS REQUESTED

But Committee Recommended That it was Impossible to Grant Request

All members of the school board with the exception of Henry Dunham were present at the school board meeting held Wednesday night. The board was called to order at 8:20 by President Wise.

The committee on teachers, janitors and salaries recommended the appointment of Martin Swanson, janitor for the Washington building and Carl Sorman assistant. John P. Johnson was appointed janitor for the Harrison building.

The teachers committee reported having engaged the following teachers since the last meeting of the board: Harrison Sherwood, science; Bertha Randal, Latin; C. M. Grey, commercial; Ada Kuntz, English and Latin; Mabel Adams, general assistant of the high school.

The grade teachers appointed are as follows: Emma Anderson, principal of the Harrison school and teacher in the eighth grade; Julia O'Brien, seventh grade; Amy Freeburg, grade work; Florence Schroeder, Alma Greepe, Cora Dorr, Mabel Venoss, Laura Graves, all grade work.

Sarah Koop was given charge of the Mill school.

The committee further recommended that Carl Wright be given charge of the manual training department.

The building committee submitted report concerning the repairs made on the different buildings during the summer.

The finance committee reported checking up the quarterly report and finding it correct. Also the quarterly report of the sinking fund.

The secretary's report was checked up and found correct.

The Northern Heating & Plumbing company, of Eveleth, were allowed \$2500 on their contract. They had installed a heating plant in the Harrison school building this summer.

A communication from Jay Henry Long, representing the Socialist party, looking towards free text books for the students had been referred to a committee consisting of R. J. Hartley, G. D. LaBar and Eloff Carlson. The report of the committee is given below:

Brainerd, Minn., Aug. 18, 1913.
Board of Education, Brainerd School District.
Gentlemen:

The communication regarding free text books which was referred to text book committee has been very carefully considered and we have arrived at the unanimous conclusion that it is impossible for us to grant the request at this time as the financial condition of the Brainerd school district will not permit the added expense. It certainly would be necessary to reduce in some other way which would undoubtedly lower the standard of our schools. We would, therefore, recommend that free text books be deferred until such time as the district is in better financial condition, particularly for the following reasons:

1. The present assessment for taxes is all that the property owners in Brainerd can afford to pay and a higher tax rate would be almost confiscation.

2. The finances of the district are such that the greatest care and economy must be used at all times to meet the present necessary expenses of our schools.

3. It has been necessary to install new heating and ventilating plants in three of the schools and also new plumbing, which will probably yet require some added tax levy to complete payment.

4. We have paid a large sum in the past two or three years for City of Brainerd taxes covering sidewalk, paving and sewer special assessments and there is considerable more yet to be paid for these purposes.

5. Considerable money could be well expended on the buildings at this time if we had it to spare but on account of the shortage of funds, some repairs that are urgently needed have been deferred but must be made in the near future.

6. As a result of a popular demand for domestic science and manual training, the board started the former last year and will start the latter this year. Both of these courses mean added expense in the way of equipment, supplies and salaries of instructors.

7. Last year the text books for all grade pupils were placed on a rental basis, greatly reducing the cost to parents and the rental figures are so moderate that we believe that the majority of parents would prefer to pay these small rental charges rather than have the standard of our schools reduced in free to off set the added expense of free text books. The scale of rentals at present is as follows:

1st grade pupils, 15c each half year 30c total per year.
2nd grade pupils, 20c each half year, 40c total per year.
3rd grade pupils, 25c each half year, 50c total per year.
4th grade pupils, 30c each half year, 60c total per year.
5th grade pupils 35c each half year, 70c total per year.
6th grade pupils, 40c each half year, 80c total per year.
7th grade pupils, 45c each half year, 90c total per year.
8th grade pupils, 50c each half year, \$1.00 total per year.

8. It has been the custom of the board for years, on the written request of the board members from each ward, to furnish books without charge to the children of widows who by reason of poverty find it difficult to meet school expenses. We recommend that the same policy be pursued with reference to the rental charges in the case of widows in destitute circumstances.

We trust that the public will appreciate the situation and the struggle that the board have made and must continue to make for some time to come in order to meet necessary expenses and retain the splendid standard of our schools; and that instead of adding to the burden of expense that they will defer their requests for free text books until such time as the district is in better shape financially.

Respectfully,

MOTHER! IS CHILD'S STOMACH SOUR, SICK?

If tongue is coated or if cross feverish, constipated give "California Syrup of Figs."

Don't scold your fretful, peevish child. See if tongue is coated; this is a sure sign its little stomach, liver and bowels are clogged with sour waste.

When listless, pale, feverish, full of cold, breath bad, throat sore, doesn't eat sleep or act naturally, has stomach-ache, indigestion, diarrhea, give a teaspoonful of "California Syrup of Figs," and in a few hours all the foul waste, the sour bile and fermenting food passes out of the bowels and you have a well and playful child again. Children love this harmless "fruit laxative," and mothers can rest easy after giving it, because it never fails to make their little "insides" clean and sweet.

Keep it handy, Mother! A little given today saves a sick child tomorrow, but get the genuine. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has directions for babies, children of all ages and for grown-ups plainly on the bottle. Remember there are counterfeits sold here, so surely look and see that yours is made by the "California Fig Syrup Company." Hand back with contempt any other fig syrup.—Adv.

Communication

To the Editor:
Appropos to the question of proposed court house extensions, I suggest for the consideration of all interested parties the plan adopted to my personal knowledge in Seattle for relief of crowded conditions in the schools, viz, portable buildings. Nearly every school has one or more portable buildings. I have been inside of them while in use. They have proved the best substitute for permanent buildings they have found, at low cost. They are also largely used in Minneapolis where eight portable school permits were recently taken out at a total cost of only \$11,680, as per enclosed clipping from Minneapolis Journal of Sept. 10.

Building permits were taken out today by the board of education for the purpose of erecting eight portable schools at a total cost of \$11,680. They will be located at Robert Fulton school; Thomas Lowry school; John A. Johnson school; John Erickson school, two portables; Simons school, two portables; West high school, one portable. The seven portables near the grade schools will be to relieve congestion in the main buildings, and the one at West high is intended for cooking and domestic science work.

Edison Talking Pictures

Thomas Edison, the inventor of moving pictures, after fourteen years persistent efforts, finally succeeded in perfecting the talking pictures. Very few people realize the necessary labor involved to produce the Edison talking picture. The machinery and equipments used is all of special design and requires five hours for its installation before a performance is given. The subjects shown in the talking pictures never fail to appeal to all classes. The offerings including high class vaudeville, grand and comic opera selections, dramatic sketches, and appealing comedy, also many prominent men and women appear in short addresses on present day topics. One record that will be shown here offers the late Hon. W. J. Gaynor, mayor of New York city, surrounded by his cabinet in short addresses outlining the problems that are daily involved in governing America's largest city. The Edison talking pictures will be the attraction at the Brainerd opera house on Saturday and Sunday evenings, September 13 and 14.

IF MEALS HIT BACK AND STOMACH SOURS

"Pape's Diapiesin" ends Indigestion, Gas, Dyspepsia and Stomach Misery in five minutes

If what you just ate is souring on your stomach or lies like a lump of lead, refusing to digest, or you belch gas and eructate sour undigested food, or have a feeling of dizziness, heartburn, fullness, nausea, bad taste in mouth and stomach headache, you can get blessed relief in five minutes.

Ask your pharmacist to show you the formula, plainly printed on these fifty-cent cases of Pape's Diapiesin, then you will understand why dyspeptic troubles of all kinds must go, and why they relieve sour, out-of-order stomachs or indigestion in five minutes. "Pape's Diapiesin" is harmless; tastes like candy, though each dose will digest and prepare for assimilation into the blood all the food you eat; besides, it makes you go to the table with a healthy appetite; but, what will please you most, is that you will feel that your stomach and intestines are clean and fresh, and you will not need to resort to laxatives or liver pills for biliousness of constipation.

This city will have many "Pape's Diapiesin" cranks, as some people will call them, but you will be enthusiastic about this splendid stomach preparation, too, if you ever take it for indigestion, gases, heartburn, sourness, dyspepsia, or any stomach misery.

Get some now this minute, and rid yourself of stomach trouble and indigestion in five minutes.—Adv.

BOOSTS FOR BRAINERD

Dispatch Representative while Abroad
Boosts the City from Sheer Habit
of Boosting at All Times

John A. Hoffbauer, who has been
taking a week's vacation in company
with his wife and baby daughter is
visiting in Dubuque, Iowa, with his
grandmother, Mrs. Sophie Koch.
Mr. Hoffbauer has quite a write up
in the Dubuque Daily Times-Journal.
He boosts for Brainerd throughout
this article. He speaks of the iron
development on our ranges, of north-
ern Minnesota as a garden spot, and
the fact that there are thousands of
Iowa farmers coming to this state to
develop farms. He also tells about
the intention of the Booster club put-
ting up an electric sign with the
words, "Brainerd, the City of Mines,"
on it.

The interview goes on to tell of the
bequest of Judge Holland to the city.
A bequest which promises to pay the
city's debts and to reduce taxes to
the minimum.
Mr. Hoffbauer was also much im-
pressed with Dubuque as a city, for
he tells of their cleanly streets, beau-
tiful parks, its natural advantages
and its striking environment.

EXAMINATION DATE CHANGED

Civil Service Board Announces that
Clerk-Carrier Examination is
Postponed to Sept. 27

The secretary of the local civil
service board in this city has re-
ceived notice from the district secre-
tary at St. Paul that owing to the fact
that an insufficient number of applica-
tions has been received, the examina-
tion announced to be held at Brainerd
on the 13th inst., has been post-
poned to the 27th, and the last date
for receiving applications extended to
the 23rd. The local secretary,
George W. Grewcox, has also been in-
formed that owing to the scarcity of
applicants, applications will be ac-
cepted from any male applicant who
will become 18 years of age within 30
days of the examination date.

Full information regarding this
examination can be obtained by com-
municating with Mr. Grewcox at the
postoffice.

NO TELEPHONE FRANCHISE GIVEN

From The Bee, Sacramento, Calif.

The Trustees last evening voted to
refuse a franchise to the Tehama
Telephone company for the construc-
tion of a line and branch system in
Corning. The vote stood three to
two.

The reason given for the opposition
to granting the franchise was that
Corning now has one telephone sys-
tem and that the establishment of
another one would force the citizens
to put in two telephones or else be
subject to inconvenience in not being
able to reach all of the people.

It is reported that Attorney An-
drews of Red Bluff, who represents
Tehama County Telephone company,
will take legal steps against the
Trustees in an effort to compel them
to grant a franchise.

PROCEEDINGS OF SCHOOL BOARD

List of Teachers and Janitors Select-
ed Since the Last Board
Meeting

FREE TEXT BOOKS REQUESTED

But Committee Recommended that
it was Impossible to Grant
Request

All members of the school board
with the exception of Henry Dunaman
were present at the school board meet-
ing held Wednesday night. The board
was called to order at 8:20 by Pres-
ident Wise.

The committee on teachers, jan-
itors and salaries recommended the
appointment of Martin Swanson jan-
itor for the Washington building and
Carl Sorman assistant. John P. John-
son was appointed janitor for the
Harrison building.

The teachers committee reported
having engaged the following teach-
ers since the last meeting of the
board: Harrison Sherwood, science;
Bertha Randal, Latin; C. M. Grey,
commercial; Ada Kuntz, English and
Latin; Mabel Adams, general assist-
ant of the high school.

The grade teachers appointed are
as follows: Emma Anderson, prin-
cipal of the Harrison school and teach-
er in the eighth grade; Julia O'Brien,
seventh grade; Amy Freeburg, grade
work; Florence Schroeder, Alma
Greepe, Cora Dorr, Mabel Venoss,
Laura Graves, all grade work.

Sarah Koop was given charge of
the Mill school.

The committee further recommend-
ed that Carl Wright be given charge
of the manual training department.

The building committee submitted
report concerning the repairs made
on the different buildings during the
summer.

The finance committee reported
checking up the quarterly report and
finding it correct. Also the quarter-
ly report of the sinking fund.

The secretary's report was check-
ed up and found correct.

The Northern Heating & Plumb-
ing company, of Eveleth, were al-
lowed \$2500 on their contract. They
had installed a heating plant in the
Harrison school building this sum-
mer.

A communication from Jay Henry
Long, representing the Socialist party,
looking towards free text books for
the students had been referred to a
committee consisting of R. J. Hart-
ley, G. D. LaBar and Eloy Carlson.
The report of the committee is given
below:

Brainerd, Minn., Aug. 18, 1913.
Board of Education, Brainerd School
District,
Gentlemen:

The communication regarding free
text books which was referred to the
text book committee has been very
carefully considered and we have ar-
rived at the unanimous conclusion
that it is impossible for us to grant
the request at this time as the finan-
cial condition of the Brainerd school
district will not permit the added ex-
pense. It certainly would be neces-
sary to reduce in some other way
which would undoubtedly lower the
standard of our schools. We would,
therefore, recommend that free text
books be deferred until such time as
the district is in better financial con-
dition, particularly for the follow-
ing reasons:

1. The present assessment for
taxes is all that the property owners
in Brainerd can afford to pay and a
higher tax rate would be almost con-
fiscation.

2. The finances of the district are
such that the greatest care and econ-
omy must be used at all times to meet
the present necessary expenses of our
schools.

3. It has been necessary to in-
stall new heating and ventilating
plants in three of the schools and also
new plumbing, which will probably
yet require some added tax levy to
complete payment.

4. We have paid a large sum in
the past two or three years for City
of Brainerd taxes covering sidewalk,
paving and sewer special assessments
and there is considerable more yet
to be paid for these purposes.

5. Considerable money could be
well expended on the buildings at
this time if we had it to spare but
on account of the shortage of funds,
some repairs that are urgently need-

ed have been deferred but must be
made in the near future.

6. As a result of a popular demand
for domestic science and manual train-
ing, the board started the former last
year and will start the latter this
year. Both of these courses mean
added expense in the way of equip-
ment, supplies and salaries of in-
structors.

7. Last year the text books for all
grade pupils were placed on a rental
basis, greatly reducing the cost to
parents and the rental figures are so
moderate that we believe that the
majority of parents would prefer to
pay these small rental charges rather
than have the standard of our schools
reduced in order to set off the added
expense of free text books. The scale
of rentals at present is as follows:

1st grade pupils, 15c each half year
30c total per year.
2nd grade pupils, 20c each half
year, 40c total per year.
3rd grade pupils, 25c each half
year, 50c total per year.
4th grade pupils, 30c each half
year, 60c total per year.
5th grade pupils 35c each half
year, 70c total per year.
6th grade pupils, 40c each half
year, 80c total per year.
7th grade pupils, 45c each half
year, 90c total per year.
8th grade pupils, 50c each half
year, \$1.00 total per year.

8. It has been the custom of the
board for years, on the written re-
quest of the board members from each
ward, to furnish books without charge
to the children of widows who by rea-
son of poverty find it difficult to meet
school expenses. We recommend that
the same policy be pursued with refer-
ence to the rental charges in the
case of widows in destitute circum-
stances.

We trust that the public will ap-
preciate the situation and the struggle
that the board have made and must
continue to make for some time to
come in order to meet necessary ex-
penses and retain the splendid stand-
ard of our schools; and that instead
of adding to the burden of expense
that they will defer their requests
for free text books until such time
as the district is in better shape finan-
cially.

Respectfully,

R. J. HARTLEY,
GEO. D. LABAR,
ELOY CARLSON,
Text Book, Course of Study
and Library Committee.

MOTHER! IS CHILD'S STOMACH SOUR, SICK?

If tongue is coated or if cross feverish,
constipated give "California
Syrup of Figs."

Don't scold your fretful, peevish
child. See if tongue is coated; this
is a sure sign its little stomach, liver
and bowels are clogged with sour
waste.

When listless, pale, feverish, full of
cold, breath bad, throat sore, doesn't
eat sleep or act naturally, has stom-
ach-ache, indigestion, diarrhea, give
a teaspoonful of "California Syrup of
Figs," and in a few hours all the foul
waste, the sour bile and fermenting
food passes out of the bowels and you
have a well and playful child again.
Children love this harmless "fruit
laxative," and mothers can rest easy
after giving it, because it never fails
to make their little "insides" clean
and sweet.

Keep it handy, Mother! A little
given today saves a sick child tomor-
row, but get the genuine. Ask your
druggist for a 50-cent bottle of "Cal-
ifornia Syrup of Figs," which has
directions for babies, children of all
ages and for grown-ups plainly on the
bottle. Remember there are counter-
feits sold here, so surely look and see
that yours is made by the "California
Fig Syrup Company." Hand back
with contempt any other fig syrup.

Communication

To the Editor:

Apologies to the question of proposed
court house extensions, I suggest for
the consideration of all interested
parties the plan adopted to my per-
sonal knowledge in Seattle for relief
of crowded conditions in the schools,
viz, portable buildings. Nearly every
school has one or more portable build-
ings. I have been inside of them
while in use. They have proved the
best substitute for permanent build-
ings they have found, at low cost.
They are also largely used in Min-
neapolis where eight portable school
permits were recently taken out at
a total cost of only \$11,680, as per
enclosed clipping from Minneapolis
Journal of Sept. 10.

Building permits were taken out
today by the board of education for
the purpose of erecting eight portable
schools at a total cost of \$11,680.
They will be located at Robert Fulton
school; Thomas Lowry school; John
A. Johnson school; John Ericsson
school, two portables; Simons school,
two portables; West high school, one
portable. The seven portables near
the grade schools will be to relieve
congestion in the main buildings, and
the one at West high is intended for
cooking and domestic science work.

The bridge is impassable and they have to go around by the cemetery or take their chances on meeting an untimely end by venturing on the railroad tracks. Some of the more daring have crossed the bridge itself but those who attempted it wished they were safe on terra firma before going far. The decking is entirely off. The ends of the bridge are boarded up and the "unsafe" sign displayed.

The cane carried by Chief of Police Quinn has a history. It was bought by William Nelson when he was chief about fifteen years ago. He carried it for four years. At the close of his term it was handed over to his successor George Sargeant. It was used by E. H. Simmons during his term. P. McGivern used it and now it reposes securely in the grip of Chief Quinn. Many times it was lost but like the cat it came back. It is a bar of iron wrapped with leather and makes a neat walking stick as well as an instrument of persuasion.

This is a copy of our Rexall Store advertisement in this week's (September 13) Saturday Evening Post. Read it and profit by it.

If You Knew--

Of the months, and oftentimes years, devoted to painstaking, conscientious testing and proving by actual use of every formula for any Rexall Toilet Preparation before that formula was finally adopted as worthy; Of the exact earnest care used in selecting each ingredient, and the rigid testing for purity and strength before it could become a part of the preparation; Of the guarantee on each Rexall Toilet Preparation that, if it does not give satisfaction in every way, "we want you to go back to the store where you bought it and get your money; it belongs to you and we want you to have it;" and

If You Saw--

The sanitary, airy, sun-lighted, shiningly-clean laboratories in which Rexall Toilet preparations are made; the white capped, white aproned, wholesomely-clean young women who put them up; and,

If You Realized--

That the co-operation in buying, manufacturing and selling of more than 7,000 Rexall Stores, one leading drug store in each important city and town in the United States, Canada and Great Britain, makes it possible to reduce to a minimum the cost to you of finished product;

Then You Would Believe--

The people of Northeast Brainerd are laying awake nights thinking of their troubles. The bridge is impassible and they have to go around by the cemetery or take their chances on meeting an untimely end by venturing on the railroad tracks. Some of the more daring have crossed the bridge itself but those who attempted it wished they were safe on terra firma before going far. The decking is entirely off. The ends of the bridge are boarded up and the "unsafe" sign displayed.

The cane carried by Chief of Police Quinn has a history. It was bought by William Nelson when he was chief about fifteen years ago. He carried it for four years. At the close of his term it was handed over to his successor George Sargeant. It was used by E. H. Simmons during his term. P. McGivern used it and now it reposes securely in the grip of Chief Quinn. Many times it was lost but like the cat it came back. It is a bar of iron wrapped with leather and makes a neat walking stick as well as an instrument of persuasion.

DAGGETT BROOK NEWS

Daggett Brook is getting there now-a-days. Some of the people will soon be millionaires if they thresh as good every year as they do this year.

The chicken hunters did not have very much success the first day of the season, at least there was not much shooting heard.

There was a birthday surprise on Raymond Klenow Sunday evening. There was a large crowd and all reported a good time.

Harvest is pretty well wound up in this part of the country and threshing is in full speed.

The Daggett Brook sisters were out cranberrying last week. Hope they had success.

Snow Ball is right on time when a new girl comes in the country.

The land in Daggett Brook is being bought up fast here lately.

The Catholic Ladies Aid is going to meet at Klenow's Thursday P. M., September 18. Everybody come.

Mrs. S. G. Harris returned Saturday from the state fair.
